

WSC Dinghy Briefing 2010

Friday March 26th – 7pm - Shore House

This year's dinghy briefing will be held in conjunction with Steve Cockerill as he presents his world famous "Boat Whisperer" talk

With the use of hi-resolution video clips and more than a little enthusiasm, Steve will explain how some boats sail faster than others - for no more than better technique.

Sailors of all levels can benefit from the talk which utilises much footage from the boat whisperer DVD which includes close up footage of beginners, advanced and olympic class sailors to help unlock the secrets. Come along and get your 2010 season off to a flying start!

Never heard of Steve? Well his results speak for themselves! Victories in 2009 included:

- Graduate National Champion
- Streaker National Champion
- Laser Masters European Champion (Standard Rig - Master Category)

As well as giving us all plenty of go faster tips there will also be the opportunity to put your questions to Steve. Arrive early to get a seat!
