Professional Skills and Volunteering

WSC works because of the dedicated and enthusiastic efforts of members and its strong volunteering culture. Without volunteering we would not be able to provide all the opportunities currently on offer and membership subscriptions would be very much higher. The Club's management, sailing events, committees, facilities maintenance and social activities use a wide range of volunteer talents and skills and so everyone can play their part. Volunteering is actually a great way to become involved in Club life, to make new friends and learn new skills.

For every member who does not contribute, we need to find someone to do more than their share - and that is just not fair. We are talking about everyone doing at least a couple of duties, perhaps locking up for a week or doing 6 bar turns a year. This is additional to the "mandatory" activity support duties that are a condition of registering for Youth Training, Dinghy racing or Cruiser Racing. Some activities like running the Bars or delivering the Spring Series racing each require about a hundred members to be engaged, others like organising a social event only need a couple of helpers.

During interview; we will discuss ways in which you may help the Club by volunteering for duties and by telling us your professional/vocational skills so that we know who we can usefully call on for occasional help in time of need. The Executive Committee will expect new members to commit to volunteering and will take this into account whilst considering your application to join. We will check with you after a year just to make sure that you have found your niche.

Please can all adults within a membership application complete the following professional skills and volunteering tables, our duty roster organisers will be in touch:

- Payment of the joining fee and first year's subscription is required before membership is granted.
- Members joining after 1st November will pay the full joining fee but a pro rata subscription.
- New members are advised that the Club usually has a waiting list for its moorings and for dinghies and tenders in the pounds. Both moorings and pound spaces are allocated on a year on year basis to members on a first served basis. Acceptance of membership does not guarantee access to these facilities immediately on joining. Please discuss your requirements through the Admin Office.
- Cadet members should usually have a parent(s) who is a member(s), in exceptional circumstances they may be sponsored by another adult member to provide supervision and guidance within the Club. An **additional** Cadet Form is required to accompany this application for membership.
- Parents are expected to engage in youth training (e.g. Kippers) for their children, usually within a family membership. Acceptance of a child in a Family membership or as a Cadet member does not guarantee them a place on youth training. This depends on the availability of places.
- Membership renewal statements are sent to all members in September each year.
